WASTENEYS, Hardolph (Ass. Professor of Biochemistry) May 1919 (014)

University of Toronto
TORONTO, CANADA

DEPARTMENT OF BIOCHEMISTRY

192

3rd May 1919

The President-
Toronto University.

Dear Sir Robert:

In connection with Professor J. B. Robertson's resignation which has, I understand, been definitely tendered, it occurs to me that, in view of the fact that I was appointed as Assistant-Professor of Biochemistry at his request, the university may desire to give his successor the same privilege of selecting an assistant.

If, for any reason, it would be more convenient for the University that I should resign, may I request that you will feel no hesitation or embarrassment in the matter and that you will be kind enough to let me know as soon as convenient.

I ought perhaps to add, however, that on the other hand I would be very happy to remain and to cooperate with Dr. Robertson's successor in the event that you wish me to do so.

Yours very sincerely
Hardolph Wasteneys.

May 5th, 1919

Professor H. Hasteneys,

Department of Biochemistry,

University of Toronto.

Dear Professor Hasteneys:

I am sorry, as you know, Professor Bradford Robertson told me that he has accepted the position in Adelaide, and therefore we shall have to take steps to secure a successor. I have to thank you for your very frank letter offering to resign should we have any other plans with which your holding the chair would interfere. I am glad to say, however, that I know of nothing at present that would call for your resignation and I myself hope that you will be able to remain and co-operate with Dr. Robertson's successor.

Yours sincerely,

President.
